Hi folks,

It was great to see all your hard work being uploaded to Seesaw during the week. You are all working so hard and I am delighted with the standard you are setting. It was great to see you all on the Zoom call on Wednesday, apologies to a few who couldn't get on as I had sent the wrong code. I'll try not to make the same mistake this week. We'll meet at the same time this week, Wednesday at 12pm.

I'm going to upload a good few videos to Seesaw during the week with examples and instructions on the various activities so make sure to check these out as they will make the activities much easier to follow.

Looking forward to seeing you all online again on Monday. Enjoy your weekend break, it's been well earned.

Regards,

Colm
