I wish to inform you that in addition to this assigned work Ms McGrath will also be assigning work to individual children and, where suited, perhaps the class group on a whole. We are so very lucky to have Ms McGrath. Please feel free to upload Ms McGrath's work by following the same method as always.

ENGLISH

Having revised our sounds last week Junior Infants are now ready to start reading, super exciting! The children are ready to read "CVC" words consonant vowel consonant, i.e the letters that they have learned so far. Please have a quick look at the videos for a help on how you can guide your child to read the cvc words. <https://www.youtube.com/watch?v=CWjWjgL4sdE> <https://www.youtube.com/watch?v=3ovJIXTQpsU>

Writing "b" letter of the week, please see video on Seesaw if required, for proper formation and terms.

Reading - encourage your child to break the words into sounds, are there any clues in the pictures that could help you?

Reader: "An ant and a cat."

Extra: "Teach your monster to read" is a fantastic FUN online app which I would like to use as a means to reinforce our sounds through playing a game. I have registered an account for your child and can monitor their progress from my end. I will forward you your child's login details before Monday via Aladdin.

MATHS

Please find "number hint sheet" on Seesaw. When forming the number three we say, "around the tree, around the tree, that's the way we make a 3.

The children understand that a high standard of tracing is expected, if their pencil mark comes off the line, draw their attention to it and ask "is this your best work?". This passes the responsibility to the child and will encourage them to do better on the next number.

Where possible please do some practical work. Can you show me 3 fingers. Bring me 3 carrots. Put three cushions on the floor etc.

SESE

Using the template on Seesaw as an example keep a daily record of the weather Monday to Friday.
